

BPG Meeting Notes

Byron Jorjorian – Jan 3, 2012

Stretching Your Vision

1. Seek a New Angle
2. Finding the punctuation mark for your image.
3. Image Echoes
4. The picture within the picture
5. Use motion
6. Background and color
7. Beyond the obvious
8. The sense of depth
9. There is always more
10. Find the pattern
11. 3d to 2d
12. Isolate and simplify
13. Surprise
14. Close to home

Also several people asked to know what model gps unit I use
It is the Garmin GPSmap 60CSx
